Summit, like all organisations, believes in supporting our country and the recent devastating bushfires have shown that the local and global economy trials have not detracted from our desire to give...

Summit Fleet Leasing along with the support of their parent company, Sumitomo Corporation will be donating \$100,000 to the Red Cross Bushfire Appeal, and hope that this, amongst all the other outpouring of charitable support, will help the rebuilding of lives and communities in the areas affected.

2009 – The Year of the Ox

People born under this sign are hardworking, caring, obstinate and sturdy. They aren't massive risk-takers. Financial security is important in Ox years, as is hard work and tenacity.

These traits will be a high priority for all employers and employees for 2009 and beyond, given that the global economy needs many helping hands.

Summit Fleet Leasing is offering Sale & Leaseback opportunity to companies.

The opportunity to sell your entire fleet to Summit, then lease the vehicles back not only frees up your cash flow but can also reduce your administration time.

Summit also look after the disposal of the vehicle at the end of the lease, this eliminates your risk on the disposal.

- ◇ *Movember – proudly and competitively supported by all the male members of the SALA staff*
- ◇ *Oxfam*

Growth

It's not all "doom and gloom".

It's a well documented fact that some of us expand with age and Summit is no exception.

Over the preceding years with astute Management, the Summit Team has grown in all states.

Our Brisbane and Melbourne staff are accommodated in premises that still allow for some growth but Head Office in Sydney had

become somewhat crowded.

Over the December January "quiet time" and with an enormous amount of input from a couple of senior staff members and patience from all the staff members left "holding the fort", the Rydalmere premises have undergone a major change.

The planning stage took more time than the actual changes, however group consultations mean that a

consensus of agreement from all staff was a really big ask.

We are pleased to say that the bulk of the work is now completed with just a few final cosmetic touches to be done. Refurbishment of our existing premises became a far more economical option than moving and we now all have our "own space".

Grant Denyer

As most of you are aware, Grant had a Monster Truck accident in the latter part of 2008 and as such became bedbound for about 3 ½ months.

Grant is now back to his old self – albeit 1 cm shorter - and will be back behind the wheel in 2009.

Grant's Channel 7 debut for 2009 will begin with the continuation of his hosting role of the new season of "Australia's Got Talent".

Grant and his family were both overwhelmed and appreciative of the support and get well wishes that he received after his accident.

Summit Mini Lease
